Aniak Traditional Council  
President: Wayne Morgan  
PO Box 349  
Aniak, AK 99557

Dear Wayne,

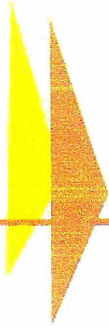

Bush-Tell, Inc. (BTI) is requesting a meeting with each of the Tribal Councils that represent the villages of Aniak, Anvik, Crooked Creek, Graying, Holy Cross, Kalskag, (Upper & Lower), Red Devil, Shageluk, Sleetmute and Stony River, all a part of BTI's Local Exchange Serving area as designated by the Regulatory Commission of Alaska (RCA). BTI would like to set up a face to face meeting with you to discuss BTI's service and facilities deployment plans. Additionally BTI would also like to discuss your organization's telecommunications and broadband service desires and needs.

The Federal Communications Commission (FCC) has implemented wide comprehensive changes to its regulations governing the landscape of telecommunication in the USA, with a goal of getting broadband internet service deployed to areas that lack this service today. This will cause a wide range of changes on which the local telecom companies receive compensation with regards to the Universal Service Fund.

A prompt response to this request is much appreciated. If you have any questions you can reach me at (907) 675-4311.

Sincerely,

Sonya Hill  
Office Manager  
Bush-Tell, Inc.
